# WP(C) No. 21621/11 filed by Dr. Francis Puthanagadi, Thrissur Construction of Building

This file deals with the construction of a house made by Dr. Francis at Kadappuram Grama Panchayath in Thrissur District. The applicant filed a Writ Petition WP(C) No. 21621/2011 upon the Stop Memo issued by the Panchayath on the reason stated that the aforesaid construction has been undertaken in CRZ. The applicant claimed that this is a reconstruction. The Hon'ble High Court directed the first respondent KCZMA to consider and take appropriate decision on Ext.5 i.e. the application dated, 13.08.2010 after affording an opportunity of hearing to the petition. Pursuant to the hearing the petitioner was asked to furnish application for CRZ clearance with relevant details through the local body concerned. The Panchayath has forwarded the application with their rejection. The Environment Group of KSCSTE has conducted the field inspection and as per the report of field inspection, "The proposed reconstruction is in the NDZ of CRZ III. The existing construction is approximately 1500 sq.ft. Proposed reconstruction is with a plinth area of 1250 sq.ft. Reconstruction of existing authorized structure not exceeding existing Floor Space Index, existing plinth area and existing density and for permissible activities under the Notification including facilities essential for activities can be permitted in the NDZ of CRZ III". A copy of the Field Inspection report is attached hereto.

Hence placed before the KCZMA meeting for a decision.

#### FIELD INSPECTION REPORT

With reference to the Council (M) Order No.21/2013/KSCSTE dt. 08-02-2013 the site located at Kadappuram Gramapanchayathin Thrissur District of Lat 10°33'37" Long 76° 0'51" was inspected on 06 April 2013 and the following observations were made.

The site is located very close to the Lakshadweep Sea and North of Chettuva inlet. A straight 300m long seawall of 4 to 5m wide is existing seaward of the inspected site. The frontal beach seaward of seawall has a width of about 15 to 18m with a well developed fair weather berm crest (plate 1 to 4).

- 1) Distance from HTL (landward line of seawall) to basement of the existing building is 5m.
- 2) Dimension of the existing building is approximately 12 x 12 m (144m<sup>2</sup>)

The site area is located in Map No. 43 of Coastal Zone Management Plan and marked as No Development Zone. The exiting building is also in the CRZ III - No Development Zone.

Plate 1: Building under construction

Plate 2: Seawall and compound wall of referred site

Plate 3: Road on the east side of building.

Plate 4: Beach with well developed fair weather berm seaward of seawall

### Summary:

- The proposed reconstruction is in the NDZ of CRZ III.
- The existing construction is approximately 1500 sq ft.
- Proposed reconstruction is with a plinth area of 1250 sq ft.
- Reconstruction of existing authorized structure not exceeding existing Floor Space Index, existing plinth area and existing density and for permissible activities under the notification including facilities essential for activities can be permitted in the NDZ of CRZ III.

# Establishment of Container Freight Station at Vallarpadam - MIV Logistics Pvt. Ltd.

The proposal for the establishment of a Container Freight Station at Vallarpadam by M/s. MIV Logistics Pvt. Ltd., has been discussed by the KCZMA in its 55th meeting. It was decided to call for certain details pertaining to the reclamation in the area. Note received from the managing Director, INKEL Ltd. and copy of letter from Cochin Port Trust addressing KCZMA and marked to the proponent are **attached herewith**. Original letter from the Cochin Port Trust addressed to KCZMA is not seen received in the section. The copy of the letter informs that the reclamation work at Vallarpadam Island was carried out in early 80s and at that time there was no practice of obtaining Environment Clearance for reclamation and that no documents connected with the reclamation are available in their office.

It is also informed that all reclaimed / accreted land either in backwater or sea within the notified limits of Cochin Port would become the sole property of Cochin Port Trust as per Major Port Trust Act, 1963.

The Note from Managing Director, INKEL to the Chief Minister seeks instruction to be issued to Principal Secretary (Science & Technology) Department to dispose off the matter as per rules at the earliest and the Hon'ble Chief Minister has minuted 'please expedite action'.

Hence placed before KCZMA for appropriate action.

Container Present Station at Vallarpadame

INKEL along with two other organizations (MFAR Enterprises (P) Ltd Cochin Port at Vallarpadam in August 2011. INKEL Consortium has paid a lease premium of Rs. 14.65 crores in Lumpsum with around Rs. 2.5 crores every year for 30 years.

As per the tender conditions of the Port, the land is to be used for setting up a Container Freight Station and the facility is required for off loading Vallarpadam Terminal Container is dependent upon availability of CFS near to the Cochin Port. Already one is in operation and two including that of INKEL Consortium is in the offing.

> Accordingly a Container Freight Station as per design approved by the Cochin Port is now under implementation and will offer facility for open storage of Containers as well as stuffing of goods in the warehouse. The Project Cost is Rs.75 Crores.

> The land where the port and proposed Container Stations are located fall in the dredged land and as per Government of India notification No. GSR 376 (E) dated 21.06.2006 is within the purview of the port.

> INKEL Consortium has concluded an agreement with APM Terminals India Limited which is a company in the group of Maersk Shipping and is a global organization. By virtue of the agreement, APMT will operate the terminal for 10 years on Revenue sharing basis. It may be mentioned that this is one of the very few foreign tie up any Kerala company has been able to conclude in the last 3 years.

Æ,

For CRZ clearance, we have submitted all details to the Kerala Coastal Zone Management Authority who made the following query on 30.03.13 to the Cochin Port Trust:

"I am to invite attention to the reference cited (copy enclosed) and to request you to furnish the details of reclamation as well as the permission obtained for reclamation to KCZMA."

which was answered by the Cochin Port on 30th April 2013 as follows:

I am directed to inform you that the reclamation work at Vallarpadam Island was carried out in early 80's, at that time there was no practice of obtaining environmental clearance for reclamation. Further, no documents connected with the above reclamation are available in this office.

It is also pertinent to note that all reclaimed/accreted land either in back water or sea within the notified limits of Cochin Port will become sole property of Cochin Port Trust as per Major Port Trust Act, 1963.

We have been informed that at a meeting of the committee held thereafter on 6th June, another query has been made and CPT may be answering this query.

As mentioned above, this land was reclaimed in early 80's and the International Container Terminal itself has comes up on the land, as our facility is just opposite to ICTT.

Our project would in the normal circumstances should have faced no delay since it is right across the ICTT and the entire land belongs to the same categorization.

It may be noted that the Government of Kerala, on 16.05.2013 has exempted the Cargo and Logistic Centre (CFS) of the Company, being a socially relevant project, from the provisions of the Building Rules.

A copy of the Gazette Notification referred to above and the letter from the LSGD Department are attached.

We may submit that 1. APMT is a MNC and delay on our part for want of clearances will generate a negative publicity. 2. The Land is leased by the Port which has the power as per the Indian Ports Act and such leasing is also monitored by the Government of India. 3. The CFS is a facility required for off loading of the containers since the container terminal is expected to work efficiently in clearance of cargo and it is a port related activity 4. The Land where the CSF is being built is part of the larger Vallarpadam Island where the ICTT of Dubai Port World is functioning. Instructions may please be issued to Principal Secretary, Science & Technology Department to dispose off the matter as per rules at their earliest. (T. Balakrishan) Managing Director INKEL Ltd. C. #### Judgement in WP(C) No. 6649/07 filed by Sri. V.C. Augustine, Alappuzha

The Writ Petition No. 6649/07 was filed by Sri.V.C.Augustine, Complaining against the illegal encroachment of Government land and reclamation of 'Kadavil Kadavu Thodu' in Aroor Grama Panchayath in Cherthala Taluk by Malayala Manorama TV, the 7th Respondent in the WP(C). KCZMA was impleaded as the 8th respondent in the Writ petition. KCZMA filed Counter Affidavit in the case on 14.01.2009. Now, the Hon'ble High Court in its Judgement dated, 05.02.2013 (Copy enclosed) dismissed the writ petition for non prosecution as it appears that the petitioner has lost interest in the cause of action. The allegation in the writ petition is of reclamation. The C.A sweared (Copy enclosed) does not seek the court urging cause in the petition and action as per law.

Hence placed before KCZMA for a decision on whether any further course of action be initiated and if so whether a site inspection be done.

#### Agenda Item No. 56.2

#### Construction of Apartment Building by M/s. KGL Builders at Beach Road, Kozhikode — hearing the petitioner in WP (c) No. 25899 of 2012.

The petitioner, M/s Korath Gulf Links Builders (P) Ltd represented by Sri. V.P. Sunil Sreedhar, Project Manager attended the hearing and also submitted a written statement. The Petitioner was heard by the full sitting of the KCZMA and after hearing and considering the written statement, the KCZMA observed as follows:

The main contention was that, they were not aware of the fact that CRZ clearance is mandatory for the construction of proposed multiplex.

- 1. M/s KGL started construction of the building without obtaining CRZ Clearance.
- 2. Even though in the said WPC the petitioner contented that an application is pending disposal at KCZMA, they have filed an application in the format prescribed in the CRZ Notification of 2011 only on 14-12-2012, which was found defective. They were asked to file another application in Form I completing all the information required. The second application dated 28-1-2013 was received on 5-2-2013. The applications were not in order and contained the following defects:
  - **Under item 1** detail in Sl no.1.1, 1.4, 1.6, 1.8, 1.11, 1.14, 1.21, and 1.31 are incomplete, partial or missing. These are essential as it indicates the activity information.
  - **Under item 2** the details with respect to Natural resources use for construction or operation of the project such as land, water, materials etc are not properly provided. The water (expected Source and competing users) unit: KLD is just shown as outsourced. The source is to be provided.
  - The information provided **in item 4** production of Solid waste during construction or operation or decommissioning (MT/month) is not clearly indicated. For example Sl No. 4.2- Municipal waste generated likely quality not provided. It is mentioned as Biogas. The plastic waste which is major waste is not seen addressed. In 4.6 sewage sledge or other sludge from effluent treatment It is mentioned that STP installed at site. The sludge is from STP installed at site. The sludge quantity and its disposal from STP are not clearly addressed.
  - **Under item 5** Release of pollutants or any hazardous waste etc to air (Kg/hr) is not quantified instead 62.5 KVA is written.
